

Notice of Fee Revision

We would like to express our sincere gratitude for your continued understanding and cooperation regarding our hospital's medical services.

While we have strived to maintain the current fees for various services not covered by insurance, as you are all aware, due to the recent significant increase in raw material costs and other expenses, we regret to inform you that we will be revising our delivery fees and fees related to anesthetic delivery from April 1, 2026.

We sincerely apologize for any inconvenience this may cause to our patients and their families, and we ask for your understanding and cooperation in light of the circumstances.

Revised April 1, 2026

Item	Target	Old Price	New Price
